

FAQ Nx70 - Medium size system

System overview

An N870 Medium sized system is described below.

	Minimum Size	Maximum Size
DECT Integrator & DECT Manager	1	1
Additional DECT Base	1	60
DECT Handsets	*	250
Max. Parallel calls	5 - 10 (See below)	60

Valid for:	
N670	N870

Connection capacity		
Enabled codecs	INT + DM	Base only
G.711 only	0	10
G.729 & G.711	0	8
G.722 & G.729 & G.711	0	5

* = Number of handsets is based on the required traffic volume (Erlang E), we recommend to use maximum 20 DECT handsets per DECT base.
