*96 [vmbox-nr]	Listen to voicemail messages of voicemail box number [vmbox-nr]
#96 [vmbox-nr]	Listen to voicemail messages of voicemail box number [vmbox-nr]

Auto provisioning

The Gigaset N510, N720 and Maxwell 10, Maxwell 3 and Maxwell basic are released behind the XRC Services platform including auto provisioning.

Go to Devices and click +Add and choose Gigaset pro:

New device

Next Step

STEP 1: Adding device and assigning to extension

Brand *

Select the desired certified Gigaset pro product:

Model *

Enable auto-provisioning by clicking on No switch to change to Yes:

Model *

Provisioning

I want to use provisioning for this device: No

Enter the device MAC address and ID:

Provisioning I want to use provisioning for this device: Yes

MAC-address * ?

MAC ID * ?

To finalize, click on next at the top.

When all steps are taken, like adding users and so on, the device will now automatically be added to the Gigaset pro redirect server.

Connect or restart the device and the device will auto-provisioned.
