

DExxx - Function keys label printing

> When DExxx phones are used with a Gigaset proT300/T500 PBX there is a feature which enables easy printing of labels - please see [this page](#) for full details.

> Alternatively [click here](#) to download a MS EXCEL template which can be easily edited and printed to produce professional Function Key labels for DE410 DE700 DE900. Remember, the keys can be set for Functions, or BLF (Busy Lamp Field).
