The Integrator is available in 2 versions.

1. N870 in Integrator only mode
2. N870 Virtual Integrator software

The License is based on the N870 hardware MAC address.

How to order a license.

1. Install the Virtual Integrator with at least one DECT manager and set this as Master DM
   When using the N870 as integrator only, an integrator license is **not** needed. Go to step 2.
2. Copy the **MAC-ID** from the STATUS page (12 digits MAC address + 4 digits)
3. Create your order that contains:
   - MAC-ID +
   - Virtual Integrator software License (Only needed when Virtual Integrator is used) +
   - Number of N870 DECT MANAGER LICENSE +
   - Number of N670 DECT MANAGER LICENSE +
   - Number of N670 UPGRADE TO N870 FEATURE LEVEL

How to order additional licenses.

1. Copy the **MAC-ID** from the STATUS page (12 digits MAC address + 4 digits)
2. Create your order that contains:
   - MAC-ID +
   - Number of **extra** N870 DECT MANAGER LICENSE +
   - Number of **extra** N670 DECT MANAGER LICENSE +
   - Number of **extra** N670 UPGRADE TO N870 FEATURE LEVEL

Service

If the license is not valid anymore due to:

- Master DECT manager is broken and is replaced, therefore the license is not valid anymore.

You will have 1 Month to request a new License file, see the grace period.
