

FAQ Fusion - Microsoft 365 contacts

Introduction

Fusion can access your Microsoft 365 contacts and store them locally:

- Up to 1000 contacts are stored
- Every 15 minutes contacts are synchronised
- Can be downloaded to your PC
- Copy to Local or Central contacts is possible

How to configure your Fusion.

1. Open the Fusion web-interface
2. Go to: Settings - Contacts - Microsoft 365 contacts
3. Click on **Generate activation code**
