

SL800H / S700H / R700H - Software release 11.08

Release Date:

S700H		R700H		SL800H	
SUOTA	Quick sync	SUOTA	Quick sync	SUOTA	Quick sync
	19 Jan 2023		19 Jan 2023		19 Jan 2023

There are no improvements for users that use this handset behind the Nx70. The improvement is created for usage behind the [Fusion \(FX800W PRO\)](#).

How to update

- Via Gigaset Quick Sync (SUOTA is planned)

What is new?

- Changes in behavior of call divert and line status notification behind CATiq systems. Handset now on shows information related to own lines instead of all lines of the system.
