

# Maxwell 10 Do Not Disturb (DND)

## Introduction

Do Not Disturb (DND) is a helpful feature when you do not want to be interrupted during meetings or other events.

When this feature is enabled, the person who is calling you will hear the busy tone, dependent on the platform/PBX the call can also be forwarded to Voicemail, colleagues or other destinations.

## How to activate DND

On the Maxwell 10 open the Programmable key application.

Click next to the user icon to open the DND screen.

Now the following screen will be visible where you can enable/disable the DND feature.

## DND indication

If DND is enabled this will be visible:

In the programmable key application.
