Maxwell 10 (Factory) Reset

Introduction

All phone settings can be reset to the Factory Settings. This deletes all individual settings, lists and directory entries. Also all Android settings are back to the default. This could mean that 3rd party Apps have to be re-installed.
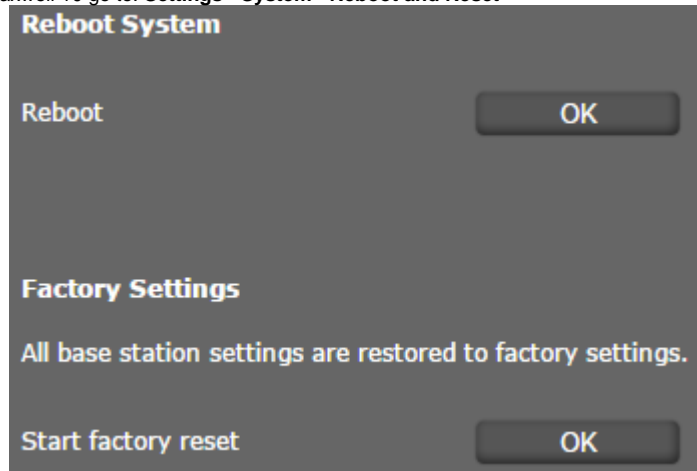

Reset via web-interface

In the web-interface of the Maxwell 10 go to: **Settings - System - Reboot and Reset**
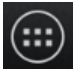

Reboot:

- Click on OK next to **Reboot** to reboot the system.

Reset

- Click on OK next to **Start factory reset** to reset the phone to factory condition.
