

FAQ T640 T440 Wake-up call

Introduction

You can set a wake-up call to remind you of an appointment within the next 24 hours. Your device will ring and a message is played.

User settings

The Wake-up call can be set via the User web-interface.

- Select the time (hour and minutes) from the lists
- Click on **Set** . . . The wake-up call is activated on the phone

Feature codes
