

DExxx - Pre-Programmed Function Keys

This feature will allow you to change the behavior of the Pre-Programmed Function keys.

Software version

- DE900/700: 02.00.07 or higher
- DE410/310: 02.00.04 or higher

In the web-interface go to: Settings - Function Keys

Here you can change if the key is used with default functionality or if a dial string is send.

Pre-programmed Keys

Keys	Function	DTMF code
	Default	
	DTMF code	*1
