

FAQ Maxwell - Display Multiple incoming calls

Introduction

From Software 2.13 we have added the function to display 2 simultaneous incoming calls.

Maxwell 2 and 3	Maxwell Basic

Valid for Maxwell			
Basic	2	3	4

See example below:

We receive 2 incoming calls at the same time and the user did not answer the call until now.

When you answer the call, the highlighted Call will be answered. Via up/down  key you can select the other Caller if you would like to answer this first.

When you answered one call, the other will be displayed as Call waiting.

Example: Software 2.19 or higher

Incoming Call10:40

Office main number

+49 2871 91 0

via 1 1012

Gigaset Sales
