FAQ Nx70 - IPUI

Valid for: | N610 | N670 | N870 | N870E | Embedded Integrator | Virtual Integrator

Introduction

Every DECT handset has an unique IPUI number, this is used to easily Register your DECT handsets.

You can see the IPUI:

- On the packaging
- In the handset

IPUI handsets

How to see the IPUI in the handset menu.

- Open the handset menu using the right center key.
- Open the service menu via * # 06 #
- The first entry is the IPUI: Example: 1: 029E74A560
