FAQ Maxwell - Broadsoft Call Logs

Introduction

Broadsoft supports the following Call logs:

- Basic Call Logs
- Enhanced Call Logs

Valid for Maxwell			
Basic	2	3	4

Configuration

You can select the required Call log.

The Broadsoft phone books can only be used if the XSI service is configured and working.

Call log		
Use Call Log	◯ Enhanced Call Log	⬤ Basic Call Log

Auto provisioning

This functionality is mostly enabled via Broadsoft auto provisioning, see below for the provisioning parameters.

Parameter	Description
Telephony.PhoneSystem.XSI.CallLogType	0 = Basic Call log 1 = Enhanced Call log
Example: <param name="Telephony.PhoneSystem.XSI.CallLogType" value="0"/>	

Info

- The Maxwell will update the Call log after every incoming and outgoing call.
- When the first time online and you never made/received an call the call log is empty until the first call is made.
